Brother Lightship Sailors, Members and Friends:

As this is a "Special Mailing" from membership, please see the following information, first from Jay McCarthy, Membership Director then the membership roster.

Some of you have not been receiving the regular editions of *The Fog Signal*, 4 per year, as you were not current in your dues. Dues are \$25.00 per year, with \$5.00 of the total going into a special fund dedicated towards our mission statement, which is "preserving our history".

We understand there are some of our Lightship Brothers are unable to pay their dues as a result of circumstances beyond their control, whether it be health or other pressing financial problems. In this case, your Board of Directors have determined that non payment of dues will not disqualify our members from receiving the newsletter. For the rest of us, payment of the annual dues is critical in order to continue this method of communication for our brotherhood. For the most part, this is all we have.

Should anyone receiving this information choose to discontinue receiving the newsletter, please let us know as the savings would be appreciated.

I would also like to acknowledge the Paid Life Members, we are now at 19. I intend to publish these names in each of the future quarterly editions of *The Fog Signal*, as we are out of space in this mailing.

The official Lightship Sailors Museum is finally a reality. All the 'I's' have been doted, and the 'T's' have been crossed. We will have our dedication on Saturday morning, October 18, 2008. We have confirmed the participation of dignitaries from the Coast Guard, The Coast Guard Heritage Museum and notables from the Cape. We hope to have a record attendance as this has been a long time dream come true. We will have all the details in the next edition of *The Fog Signal* which will be mailed in mid August. Any item, artifact or photograph you would like to have on display in the museum, please let us know. These can be donated or loaned as you wish. Credits will be displayed accordingly.

This will also be the year for the election of officers, this is important, please plan on participating.

A presentation will be made to the members regarding future reunion locations.

The members will have the opportunity to choose the location for 2009, and a tentative location for 2010. See you in Hyannis.

Keep a Good Light,

Larry

A Message from Membership by J. F. "Jay" McCarthy

To All Hands,

This is a Special Edition of the Newsletter. We are devoting the majority of this edition to our;
2nd. Annual Lightship Sailor Veterans Membership Shipmate Contact Search List.

The names shown on the attached list are only of those members that are active in the LSA.

The Membership Status Column reflects those members that are Current in their 2008 Dues. If the year listed after your name is different than 2008, that signifies the last year we have a record of your dues payment. Won't you please take a moment, and fill in the attached Membership Form to become current in your dues.

Please be advised, we retain the names of ALL Members, in our Active and Non-Active Roster Logs.

Note; "Due to privacy concerns". These lists are restricted, and we cannot print member's contact information. Contact with any one on these lists may be made only via the Membership Director. I will advise them of your interest, and arrange for them to contact you. If you wish NOT to be contacted, just let me know, and I will be happy to handle.

Due to some feedback from our last published lists, where our 1st column listed our Members Names Alphabetically. Some members indicated it was difficult to sort through the list to find their ships hull #, name, and years served aboard. We listened, and have changed the format for this year. Starting with column # 1; **we are listing the Lightships by Hull #, in ascending order, low Hull # 1st.** We thought about sorting by Lightship Station name. However, many different Lightships may have served on the same Lightship Station. Once on that station, they assumed that station's name, and a good many had different Hull #'s. One example might be Nantucket Station... some of our **active LSA Members** served on this station aboard the 112/534, 196, 612, and 613.

Sorting by Hull #; an example given might be Hull # 613... she served as Ambrose, Relief (MA), Nantucket II. We found sorting by Hull # the best route to go in order to simplify your search.

Additionally, before each grouping. We have listed the year each ship was built, year retired, and a very brief subsequent disposition, status, and information we have available on her.

We do hope you find this list helpful, and can locate some old shipmates. For your convenience, we have posted a Contact Request Form on the back of this edition.

Our upcoming "**Reunion in HYANNIS, MA on October 16th. thru the 18th**". Would be a great opportunity to get re-united with these old shipmates. In the chance, you don't find an old shipmate on the list. Please plan to attend the reunion anyway, as other Lightship Sailor Vets that had served on your ship might be attendance. You'll find a lot in common swapping stories about the old ship, and your time aboard.

Recruitment; if you know of anyone not on this list, and think they might be interested in joining. Please have them fill in and return the attached Membership Application, we will be happy to bring them aboard.

Please note; we **ONLY** have the records that you submitted on your LSA Membership Application Form, **not other U.S.C.G. Official Records.**

Thank you.

Fair Winds and Following Seas,

Jay McCarthy
